They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK,
Bishop of Boston.

ZINC PAINTS.
THE NEW JERSEY ZINC CO. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in WHITENESS, BRILLIANCY, and DURABILITY, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

NEW AND IMPROVED SEWING MACHINES.
THE AMERICAN
Magnetic Swing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
397 Broadway, N. Y.,
By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and is no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co.,
Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease
FIVE HUNDRED STITCHES PER MINUTE!

City Auction Room.
March 1st, 1854.

SPRING COMES IN UPON US THIS MORNING, and no doubt we all hail it with pleasure. Yet we have no complaint to make of the winter that has just passed, for we have all enjoyed health and prosperity; but new ideas, and new designs, and new promises always follow with the fresh breezes of Spring. We are now ready to enter upon our duties with delight, and forget and forgive the past, and in view of it all I would remind my old and new acquaintances that I continue in the

General Auction and Commission Business,

at the old stand, No. 143 East Water Street, (where I have been for years,) ready to attend to all business of every character and description, which may be given in my charge.

I have been engaged for a long time in said Auction Business and have endeavored to do right, yet in many instances, I may have erred. My arrangements for the present year will be somewhat different. I design to finish off the Second Story, with a Stairway from the Front, for a

REAL ESTATE ROOM,

where a Register will be kept of all the Real Estate which may be left with me for sale, and their prices. The Lower Room will be appropriated to the General Auction and Commission Business in all its various branches, and at as low a rate as it possibly can be done. As for Promptness, I presume no one can complain. As for References, you can select any one in our City.

NOTICE TO BUSINESS MEN.

The circulation of the DAILY SENTINEL is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Artisans, as a medium of Advertising.

The *Weekly Sentinel* has now a circulation of over two thousand copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

All Advertisements appear in the Tri-Weekly *Sentinel* without additional charge.

NO STEAMER YET.—The *Pacific*, with four days' later news, is over-due at New York. We have, as yet, no tidings of her arrival. Nor was there any report from the East, at Chicago, last evening.

EXAMINATION OF S. M. BOOTH.—The examination of S. M. BOOTH, before U. S. Commissioner SMITH, on the charge of aiding in the escape of the alleged fugitive slave Glover, was closed yesterday afternoon. Mr. BOOTH "summed up" for himself, and the Counsel will close the case to-day, when the decision will probably be given.

SENTIMENT OF THE PRESS.—The articles we copy this morning from the Madison *Journal*, Appleton *Crescent*, Racine *Advocate*, Waukesha *Democrat &c.*, papers of different political sentiments, and published in various quarters of the State, will show how strong, deep and general is the feeling among the press and people of Wisconsin against Land Grants to Corporations.—Let our Senators and Representatives in Congress *heed* these expressions.

All Hail New Hampshire!

We have at length the approximate result of the recent election in New Hampshire, the first State to speak since the PIERCE Administration undertook the job of legislating Slavery into Nebraska. That result is full of promise for the North and for Freedom. New Hampshire, the home of the President; New Hampshire, which gave him in '52 over six thousand majority; New Hampshire, immemorially democratic—this same New Hampshire now repudiates the Administration of its own choice and has set the seal of popular condemnation upon the Nebraska iniquity. The Whigs and Free Soilers united have carried the lower House and secured a majority on joint ballot. This result becomes all important when it is remembered that upon the Legislature just chosen will devolve the choice of two U. S. Senators, to replace the two Doughfaces who now [illegible] the Granite State at Washington.—Whether it will have the effect of arresting the Administration in its Pro-Slavery career, or whether still stronger manifestations of public sentiment will be required to do this, the next few weeks must determine. Meantime let us see how "PIERCE democracy" digests this bitter pill.

The Lion Bearded in his Den.

Byron Kilbourn has been elected mayor of Milwaukee by a majority of 580 votes, over Geo. H. Walker. The vote stood—Kilbourn 2340, Walker 1760.

This vote is only important from the fact that an interesting issue *upon principle* was to be decided by the voters. It will be recollected that the Milwaukee papers had taken strong grounds against a grant of land to the Valley Road, and the City Council had sent a delegation to Washington to endeavor to defeat the grant. Mr. Walker was a leader of that opposition, and rested his chances of election upon *that issue*. Mr. Kilbourn was *an avowed advocate of the land grant to the Valley Road*, as well as other roads—had taken an active part in the controversy * *

The result shows that, according to the News, 2340 votes of Milwaukee have thus directly petitioned "for Smith, Macy and the Valley road," and given a "death blow to the success" of the Milwaukee delegation sent to Washington. The people—the independent voters have done this thing, notwithstanding the efforts of the press of Milwaukee to the contrary for two years past.

Thus the people of Milwaukee have decided against the policy of those who assumed to lead, and dictate action for the whole State.—*Fond du Lac Union.*

So crows the *Union*, one of the family organs of the Valley Rail Road Company, over the result of the late Charter Election in this city.—Having been absent ourselves at the time of that election, we leave others to say whether the claim that the result was an endorsement of the Valley Road Grant, be true or false. There is no doubt however that it was so regarded and represented at Washington, by the friends and supporters of the Land Bill, and they made the most of the argument, happily without avail. But the *Union* has doubtless discovered, ere this, that it reckoned without its host in claiming Mr. Kilbourn's election as "a death blow to the success of the Milwaukee delegation sent to Washington." And we have no manner of doubt that it is just as egregiously mistaken in its belief that "the people of Milwaukee," by their votes on that occasion, decided in favor "of the land grant to the Valley road, as well as to other roads."

We undertake to say that not in Milwaukee only, but throughout the length and breadth of this State, at least two-thirds and, as we believe, three-fourths of the electors are utterly opposed to the principle and policy of Land Grants to Rail Roads, or other corporations. That our board of Trade and Common Council were induced to memorialize Congress in favor of such grants, is very true; but they did so upon the positive and reiterated statement of several gentlemen, assuming to know the sentiments and to foretell the action of Congress, that the Land Grab system was to prevail, that all opposition to the Valley grant was futile and hopeless, and that Milwaukee might as well "go in" for a share of the plunder. Had the abstract question, or "principle," of Land Grants to corporations, been submitted to the electors of Milwaukee, or to any other considerable constituency in our State, there is not a doubt that they would have decided against it by an emphatic vote. And whenever the *Union*, or its political friends, desire to make "that issue," we shall be glad to know it.

BUILDING AT MADISON.—The Madison *Journal* says: "Preparations for building extensively during the coming season, are already making. Our village is rapidly filling up with dwellings, and the town is straggling off in both directions, towards the railroad depot and the Catfish river."

POST OFFICE CHANGE.—A correspondent at Waupun, writing under date of March 17th, says, "The Nebraska Administration have seen fit to remove the P. M. at this place and to give the appointment to one of the "Simon Pure" cast.

BRIDGE ACROSS THE ST. LAWRENCE.—The Canadian Grand Trunk Railroad is to cross the St. Lawrence, at Montreal, upon a magnificent tubular iron bridge, costing some $7,500,000, a mile and a quarter in length, or, including the solid embankments at the ends, two miles. The bridge will have, in the centre, an elevation of one hundred feet above the channel, which is attained by an easy grade on each side. Twenty-two massive piers, with spans of 250 feet between them, support the structure, and the most skillful arrangements are made to protect it against the ice which, in the spring, comes crashing and piling down the river with awful power.

☞ The Kenosha *Telegraph*, referring to the resolution of the Assembly to adjourn on the 3d proximo, says:

An intelligent gentleman from Madison the other day said it was understood that it would not adjourn till sometime in May, as the Wisconsin Land Grant was expected to pass Congress, and the "leaders" wished to divide it up before adjourning. But the news of the *defeat* of the project has probably caused this resolution of the Assembly.

☞ OLE BULL'S Concert in Chicago, on Monday evening, attracted a very large audience, who were enthusiastic in the expression of their delight.

Legislative Matters.

CORRESPONDENCE OF THE SENTINEL.

Appropriations to James Kneeland, Levi Blossom, C. H. Larkin, J. B. Cross, S. E. Foote, S. Chapman, J. C. Squires, C. A. Single and others, J. C. Dowe, J. H. Rogers, E. Burdick and Byron Sykes.

The Calumine Rail Road bill was taken up and some discussion had upon it in reference to making Mineral Point a point in said road, but the Assembly adjourned without disposing of the bill, nor was any material modification made, except an amendment providing that the road should not terminate within twenty miles of La Crosse, nor cross the line of the La Crosse and Milwaukee Rail Road without the consent of the proprietors of the latter road.

In the afternoon, the tax bill was again discussed in committee of the whole. Mr. Gary's amendment to allow offsets of debts against real estate, was voted down. An amendment was then offered to the effect that debts might be offset against money on hand. This was opposed by Messrs. Donaldson and Wright, but on what ground I could not exactly comprehend. The amendment was lost. So it seems that credits, when they are to be taxed, are just like any other property, but when it is proposed to offset them, or their counterparts, *debts*, they are very different from other property.

Mr. Orton moved to amend so as to not allow of offsets at all. He thought this was necessary in order to make the bill consistent with itself.—To illustrate its inconsistency in its present shape, he supposed a poor man to buy a farm on credit; he pays $100 down, which is all he is worth, and gives a mortgage for the other $900. He is then taxed for $1000 and allowed no offset for the $900 which he owes, while the wealthy holder of the mortgage might offset the $900 mortgage against any debts he might owe. He believed that *property* and nothing but property—visible, tangible property, should be regarded as the proper basis of taxation, and that the sooner we returned to this basis the better it would be for us; but if evidences of debt were to be regarded as a proper basis of taxation, the same as real and personal property, there could be no ground for the distinction drawn between them in respect to offsets.

Mr. Donaldson maintained that there was a sufficient ground of distinction in the fact that real and personal property which was required to be *estimated*, was almost always assessed below its real cash value. This, he believed, every one knew was very generally the case; while moneys and credits, being necessarily expressed in dollars and cents, must go on to the list at their full value, and this distinction would have the effect to equalize and rectify this unavoidable discrepancy.

Mr. Gary replied that the assessor would be quite as likely not to get the full amount of the credits, as to undervalue the real and personal property.

Mr. Donaldson replied and asked Mr. Orton if it were likely that the farm he had supposed, would be assessed at $1,000? Mr. Orton said it was not material, for it would come to the same thing. As had been well remarked by the gentleman from Winnebago (Mr. Gary) the assessor would not get the full amount of the credits. He referred to the terms of the bill, that the creditor need not list any but such credits as he believed could be readily collected, either with or without process. It was left entirely at the discretion of the creditor to list just what he pleased and nothing more. The Merchant might have a pile of notes and estimate them at 25 cents on the dollar, and he believed merchants generally, in closing up their business, were willing to sell their notes for 50 cents on the dollar. He protested against placing so inconsistency and contradiction upon the face of a law, with no better excuse than an assumption that public officers would not do their duty.

Messrs. Wright and Noggle spoke against the amendment, and it was finally rejected.

Section 9 provided that all manufacturers should list all their stock on hand and all they had had from time to time during the year next preceeding, and it was moved to amend so as to require only a list of stock on hand.

Mr. Orton said he was opposed to the amendment. The bill proposed to tax all property, not only where it *was*, but where it *was not*, and this provision was quite consistent with the whole bill. Messrs. Hull and Ernest advocated the amendment and showed that it would ruin smelters of lead, to pay taxes on all the mineral that might pass through their hands during the whole year. It would tax many of them for more than ten times the amount of their capital.

Messrs. Donaldson and Knowlton opposed the amendment, the latter gentleman contending that smelting ore was not a manufacturing process, within the meaning of the section.

Mr. Gary supposed a manufacturer of iron to use $200,000 worth of coal annually; but that he should buy but $25,000 at a time. He would then be taxed eight times more for coal than he had capital invested in it. The coal had been consumed and its value passed into the iron and *that*, or the equivalent, is taxed in the hands of the manufacturer. After a sharp struggle, the amendment was carried; though in truth this provision differed not in principle from the whole system of taxing shadows, or credits. The only difference is, that this provision carried the principle so far that a majority could see its absurdity.

Mr. Crawford moved that the committee rise and report the bill to the Assembly with the recommendation that it be referred to the committee on the Militia; probably with a view to ascertain whether the Military force of the state would be sufficient to enforce it. This motion was lost, but the committee *did* finally rise, and report the bill back, and after several attempts to amend,

Mr. Davis moved to strike out all after the enacting clause and insert a substitute for the whole bill. The substitute provides that the town assessors send their assessments to the clerks of the boards of Supervisors, and they send them to the Secretary of State, and that the Registers of Deeds of the several counties, send to the same office, annual abstracts of all lands sold in their respective counties with the amounts for which sold, for the use of the board of equalization. Pending the question, the Assembly adjourned. I cannot predict the fate of this bill. The Assembly begin to realize that they have undertaken a difficult subject, and I think its best friends are not quite sure they are right, and some heavy guns will be fired on its third reading.

EXAMINATION OF S. M. BOOTH,

For Aiding in the Rescue of John Glover, a Fugitive Slave from Missouri.

BEFORE WINFIELD SMITH, U. S. COMMISSIONER.

J. R. SHARPSTEIN, District Attorney, for the Prosecution.

JAS. H. PAINE, for the Defense.

Reported for the Sentinel.

SECOND DAY.---March 22, 10 A. M.

Wednesday morning court met pursuant to adjournment.

Mr. Paine stated he had understood that the District Attorney intended introducing another witness for the prosecution, before the defense commenced.

The District Attorney stated that he declined to introduce any more except for the purpose of rebutting.

Testimony for Defense.

Hiram Church, sworn. I was in the city on the 11th of March, I was standing on the corner of the U. S. Hotel when I saw Mr. Booth, can't say that I saw Mr. Arnold. It was about dinner time or just after that I saw Mr. Booth. The first I saw was Mr. Booth coming down the street on a bald face, his words were these "Oh ye friends of liberty meet at the Court House Square at 2 o'clock" I didn't recollect of his saying anything about rescue or anything of that sort, I heard somebody say something of what was to be done, he said come and see or to that effect. I didn't hear anything of his saying "Freemen to the Rescue," I stood near the lamp-post. *Cross examined.* I heard his words before he got to me, I went up to the Court House, and don't know but I saw him on the Court House, I saw Mr. Paine there, I did not see Mr. Booth after that, I didn't see the jail broken open.

Several calls were made for witnesses but none answered. Thomas Shepard called by defense.

Mr. Paine. Did you speak to anybody while you were in the Court House yard, or make the remark that the first thing you would do if you had the power, would be to smash in the head of S. M. Booth.

Mr. Sharpstein. You needn't answer that question Mr. Shepard.

A discussion here took place, when the question was overruled, and the witness left the stand.

F. J. Blair (sworn) I got to the jail just about the time the front door was broken; the colored man was put in the waggon and they drove down Jackson street; I don't know whether they turned the corner or not. I went back into the court house square; Mr. Booth was on the square at the time on foot; at this time I should think the waggon had got as far as the corner. Mr. Booth was not riding by the side of the waggon. I did'nt see Mr. Booth on horseback at the time or after; I came right off home. The waggon went rapidly and I suppose was as low down as Oneida street when I saw Mr. Booth in the square.

Cross Ex.—When I first went up, it was when the fire bell was rung; there was a large crowd there, and talking was going on; I suppose they were talking about the black man and the arrest. There were several standing at the yard gate of the court house and I asked what they were doing, and somebody said they had broken in the front door of the jail. I don't know who was in the waggon with the slave—my impression is there was more than one darkie in the waggon—it seemed to be pretty full.

Henry D. Hull (sworn.) I saw Mr. Booth riding down E. W. street about 2 o'clock on the day of the jail being broken open; I was standing in my store door, No. 146, U. S. Block. He was shouting—the substance of what he said, was a call upon all freemen and lovers of liberty to assemble at the court house at 2 o'clock; I did'nt hear anything said about kidnappers or the jail.

Cross examined—I saw Mr. Booth last evening; he asked me if I could testify in this case; I think he said something in relation to Mr. Shepard's testimony. He asked me if I remembered his using the words kidnapper, rescue, and so on. I don't pretend to say that I can give the exact words he used when riding through the street; I believe what I have said was the substance of his remarks, as he halloaed at the top of his voice most of his time.

Theopilus Stringfellow (sworn.) I was on Jackson street, standing opposite the Cathedral when the jail was broken open. I did'nt hear Mr. Sheppard's testimony yesterday. I was there when Mr. Booth made some remarks on horseback—heard his remarks—paid strict attention to what he said. It appeared to me that the whole tenor of his speech was an exposition of the Fugitive Slave Law; he spoke of the injustice of such law—that it tended to suspend the writ of *habeas corpus*—that when the law was about to be passed, the president of the U. S. had asked the opinion of the judges as to whether it did'nt suspend the habeas corpus—don't recollect Booth saying anything about Jury trial; heard nothing said about the injustice of keeping the man over Sunday without an examination—heard all the remarks of Mr. Booth; I heard Mr. Booth say that he did'nt advise any man to violate the law; for himself he spit upon the law—he could'nt advise the people, but that if they all felt like he did, he knew what they would do; I heard him advise the people not to break the law, and advise the vigilance committee to meet at the American House, immediately, he did'nt say for what. I saw no people leaving at that time.

Cross-examined.—He sat on his horse a few minutes after that; I didn't see him again until they were trying to get the negro out of jail, he was then in the court house square; I saw the wagon drive off, but I don't know who broke open the jail; I saw men doing it; don't know who they were; there was no speech made after Mr. Booth closed; Mr. Booth spoke, I should think, about fifteen minutes; I only heard him speak once that day; I was at the court house about ½ an hour before the jail was broken open.

A. K. Williams (sworn.) Was near the jail when it was broken open; I didn't see Mr. Booth at that time; I saw the colored man taken through the streets in the wagon, they drove south down Jackson street; I was standing directly in front of the jail; I saw the wagon till it got to the corner of Oneida and Milwaukee streets; I didn't see Mr. Booth after the rescue of the negro; I didn't see anybody riding by the side of the wagon; if anybody had been riding I think I should have seen them as I had my eye on it.

Cross-examined.—I can't think who was with the wagon; I suppose there was from four to five in the wagon with the fugitive; there was only one colored man in it; there was a crowd on the sidewalks; I was there before that about ½ past 2; Mr. Booth was there and made some remarks; read the resolutions of the mass meeting at Racine; I believe he said the warrant had never been served upon the slave; he confined his remarks principally to the manner in which he had been arrested; don't remember his making any remarks about the law under which he was arrested.

Direct resumed.—I took Mr. Booth's remarks as meaning that the warrant had not been served upon the slave at the time he was knocked down.

By the Court.—I should think there were from three to five thousand people present at the time the jail was broken open.

Dorsay W. Richardson (sworn) I was directly in front of the jail door that was broken open standing on the palings; I saw the colored man taken out, he was taken across to a two horse waggon, put into it and driven off down Jackson Street; I was on the top of one of the pailings round a shade tree; I did'nt see Mr. Booth follow the waggon nor any one else following it on horseback; I could distinguish as far as the corner of Oneida and Jackson street. *Cross examined.* I think I had been there about fifteen minutes; I did'nt see Mr. Booth at that time; did'nt see but one negro in the waggon, but there might have been another.

George Southwell sworn. I was near the jail when the colored man was taken out; I had a conversation with Mr. Booth about fifteen or twenty-five minutes before the slave was taken away, Mr. Booth was near the entrance to the Court House; he was near to young Mr. Paine; I went up to Mr. Booth and asked if the slave was going to have trial; I learned after that it was the time they were breaking open the jail; I suppose I saw the colored man put in the waggon, but did'nt know at that time what they were doing.

Cross examined. I live on Jefferson street in this city; I first went to the court house about noon, to see what they were going to do with the slave, the chief object was to be at the hearing; I went up on my own accord; I heard that there was a negro there and left my work and went up; I went up again in the evening and was there about fifteen or twenty minutes before he was taken away; I went directly to the Court House he was standing on the steps; I asked him if he could tell when the prisoner was going to be tried; that was about 20 minutes before the rescue.

John B. Edwards (sworn.) Saw Mr. Booth on the day of the rescue riding through the streets, can't say exactly where it was; near the post office; he was riding on horseback, calling on those who loved liberty to assemble at the Court House, at 2 o'clock. I heard nothing about rescue, heard one sentence as he rode by. I was up near there in a house, when the jail was broken.

Cross Examined,—Saw Booth 3 times that day, once behind the vehicle containing the slave, on horseback, another time on Jefferson Street; couldn't see who was in the waggon, the person I thought was the negro, had on a striped shirt, his back was towards me, the horses were in a canter and Booth was riding behind it on horseback; didn't see him circulating hand bills, saw an extra or hand bill from the Free Dem.

Mr. Booth. I brought it there, Mr. Sharpstein.

Mr. S. I know you did, I saw you.

Direct Resumed. I distinguished Mr. Booth because he was prominent from being on horseback.

George Paddock (sworn.) Was there at the time the jail was said to be broken, there was a great deal of cheering. A gentleman came up on a bald faced horse, got off. Mr. Booth got on to the horse and faced to the north, a few minutes before the slave came out. Booth was on the square and came out and got on the horse. After the waggon started the whole crowd moved off and Mr. Booth with them.

Wm's. Lee, (sworn) Mr. Paine. Were you in the office of Judge Jenkins when Sheriff Page returned the *habeas corpus!* Objected to.

Mr. Paine stated here that the object of this question was to show that Mr. Page made a return; that the fugitive was not in his custody, and that it was to rebut the testimony of the prosecution, & to show that the whole plan was to go according to law, and not to break it; not to resort to violence.

Commissioner ruled that the question was irrelevant, to the matter at issue on the examination.

Examination resumed. Heard Mr. Booth's speech at the time the resolutions were adopted, on the Court House square, think it was about 2 o'clock. Understood that the object of the speech was to have an examination of the fugitive, and that he ought not to be taken off without, heard no call to resort to violence.

Cross examined. Heard the fugitive slave law alluded to by several individuals that day. Think I heard remarks that the fugitive slave law was unconstitutional and void. He was sitting there on horseback, while Mr. Watkins was speaking.

Direct resumed. Heard Mr. Booth speak while he was on horseback, I stood within a few feet of him and left a few moments after he finished speaking. A great deal was said in relation to the injustice of keeping the man without an examination; I didn't hear him advocate a resort to violence, heard him advise them not to resort to violence. I thought he expressed the views of pretty much all that were present; I know he did mine, (laughter.)

Mr. Sharpstein. And of the people that broke the jail too.

Wit. No sir! I'm opposed to that as much as any man can be.

Mr. Sharpstein. Then when what were you there for?

Wit. Because I was a mind to and because I'd a right to! (great laughter.)

Howard Bosworth, (sworn.) Saw Mr. Booth getting on to the offices, after that saw him on a horse; was in the street when the jail was broken; didn't see Mr. Booth at that time. Heard his remarks while he was on his horse; my impression was that the remarks applied to the injustice of the judge, allowing the writ of habeas corpus to be acted on. I heard him distinctly say towards the close of the remarks "to abide by the law, that the law would have its just course in the end," there was no appeal for a resort to violence, it was directly to the contrary. I think the report of the committee, was that Judge Miller said the man would be brought down to his office and be examined before him on Monday, and that Judge Miller said his officers should not obey a writ of Habeas Corpus from a State Court.

Mr. Paine. How long after this was it before you noticed an excitement in the crowd?

Wit. I should think about ½ an hour. I should think the crowd were disappointed at the report. Directly after this the multitude appeared to be crowding towards the jail; can't tell what was the exciting cause that led the people to break open the jail, know no other cause except the report of the committee.

Cross-examined—Think Mr. Watkins read the report of the committee; I was somewhat disappointed in Mr. Booth's remarks; I expected something a good deal stronger from him; knowing that his feelings were enlisted in the matter; I felt considerably interested in the matter myself, or I shouldn't have been there; saw Mr. Booth speaking, but could not tell what he said when he was speaking in the square; I think I heard him speak of the Fugitive Slave Law; I got the impression that Glover was arrested more under a Club Law than the Fugitive Slave Law; that was the report through East Water street; that he was knocked down; I felt interested in the matter and do so yet; I never sent word to the owner of the slave that he had better leave town in the night, or that ho'd get egged if he didn't, and that I'd find the eggs; its false; if any one says so its false, and I'll meet him any where; there were I think from 3 to 5000 present and I didn't see any one that seemed indifferent, all seemed to think that injustice was done.

Herbert Reed (sworn.) Was on Jackson street at the time the jail was broken open; I was on a vigilance committee appointed there; the committee had a meeting that day; the committee agreed that they should take measures that the slave should not be removed without a trial; a large number of persons were requested to watch the jail to prevent his being clandestinely taken out of the jurisdiction of the state; all their plans were that he should not be taken away without a trial either by Judge Jenkins or Judge Miller, and not to violate any law, not even the Fugitive Slave Law; I heard part of Mr. Watkins speech

Cross examined. At the time I left the Court House I had no apprehensions that the jail would be broken; I was on the ground when the Racine delegation arrived—did'nt see Mr. Booth at that time, don't recollect that he went to meet the delegation. We had been requested not to permit the slave to be taken off without a trial. At the time I left for my house, there was some excitement, but it had nearly died away when the Racine Delegation arrived. I don't remember the words of the delegation, but understood that they came up to arrest Mr. Garland, and prevent the slave being taken south.

Mr. Sharpstein. They reversed this, for they took the slave south and left Mr. Garland. [Laughter.]

Mr. Sharpstein I suppose that you had no more fears of the slave after you saw him pass your house.

Wit. No sir, I felt satisfied he was perfectly safe then. [Laughter.]

Witness here explained why he was active; Mr. Booth had informed him that there would be an attempt to take him off without trial, and that he, Booth, would call a meeting to prevent it and see that he had a trial by jury if he could get it, if not a trial publicly before Judge Miller. The committee also understood that the slave was to have a safe escort to the trial and back.

Mr. Sharpstein. What was your object in offering an escort to the prisoner to Judge Miller's court?

Witness. Well, the U. S. officers seemed afraid to take him down and we thought we would protect him for them.

Mr. Sharpstein. Are you in the habit of offering escorts and so on?

Wit. I am always in the habit of doing as I would be done by. [applause.]

J. B. Decker (sworn.) Saw the rescue—saw him, the negro, taken off and drove away in a waggon.

A. S. Kennedy (sworn.) Saw Mr. Booth on horseback, heard him speak near the Court House, he told them not to use any violence, to come down to the American House and meet the Racine delegation, to take supper there and deliberate. I think he said further that if they were all of his mind he knew what could be done, there was some remarks about Judge Miller not allowing a hearing till Monday morning. The substance of the report was that the man would not have an examination till Monday, and that Judge Miller said no earthly power could take him out till he did; the chairman remarked that the man had a right to worship God in his own way on the Sabbath. Mr. Watkins stated that Judge Miller refused to allow his officers to obey a writ of *habeas corpus* from a state court. I thought this created some excitement among the crowd. I heard some of them say "we'll have him out" don't know that I heard any remarks of this kind made before the report alluded to Judge Miller. Mr. Booth commenced speaking directly after this, before he closed his remarks the crowd made a rush towards the jail door, those who went towards the jail were on the outside the crowd, Mr. Booth was I should think 20 feet from them, it was not the crowd that were round Mr. Booth that went to the jail. I didn't see any thing in Mr. Booth's remarks that would lead them to break the jail. It is my opinion that Mr. Booth didn't allude to the hardship of keeping the man over Sunday. I saw the colered man taken off, saw them go down in the wagon, should think Mr. Booth was 20 feet behind the wagon. I didn't see any riotous conduct, except breaking the jail, there was some shouting and some hats thrown round. All seemed to be glad he was taken out, but some were sorry the jail had been broken.

Cross examined. I had my opinion what led to the breaking of the jail. I see the jail door broken open, but could'nt designate who they were; they were strangers to me. The first I saw was a large man who came up and kicked on the panel. Witness here described him; the jail was broken; and that he did'nt see Mr. Booth at this time.

Court adjourned to 2½ P. M.

The Land Grant---Ex-Gov. Farwell.

From the Madison Journal.

There are reasonable grounds for hoping that the bill now before Congress, making such a grant, is defunct. It has been tabled, and, we trust, will remain in that condition. Bad as is the general policy of such grants, this bill was of the worst possible type. It was for the sole benefit of the Valley Road, a stupendous railroad scheme, running through the entire State with branches to the east and west—and in the hands of a company whose financial operations are of the most unscrupulous and daring character, if we may judge anything from public report or the antecedents of the individuals composing it. Its passage would be the almost inevitable ruin of those roads which are now rapidly progressing, in a legitimate manner, through private enterprise alone. The injustice which it would work to the Milwaukee and Mississippi and Beloit and Madison roads, which are just emerging from difficulty and embarassment into a healthy and prosperous condition, ought to be sufficient, in itself, to prevent this bill from passing Congress.

The instigators of the scheme have played their game shrewdly. They have laid the wires at Washington, with such care that it is no easy task to defeat them. A large share of the credit of defeating the bill, if it is defeated, will be due to Ex-Governor FARWELL. He has generously thrown himself into the breach, to the hazard of his private interests, and at the risk of making bitter, powerful, and implacable enemies; and has stood forth manfully for the interest of the people of this State against all the bribery, corruption and falsehood of all the sharpers who have thronged the capitol, and who have left no expedient untried, to which desperate men would resort, to secure the success of the measure. He has exposed their true character, by showing that they have not hesitated at falsifying and forging public documents, for the furtherance of their nefarious designs. For this the people owe him a debt of gratitude, in addition to the numerous obligations under which they already rest, for the integrity, ability, and watchful care over their interests which marked his administration as Governor. After this action on his part, it seems incumbent upon the Legislature to cause an investigation to be made relative to the gross fraud which he has exposed.

* * * * * * *

The character of the whole State is stained by such a transaction. As a simple act of justice, a thorough, searching investigation is imperiously demanded. It is due, especially, to the honorable gentleman,—and we believe him an honorable man, who would scorn any connection with such transaction—who held the office of Secretary of State at the time this shameful act was perpetrated; and due also to Gov. Farwell, who has taken the responsibility of exposing it. Whatever is done should be done without delay, as the session will soon close; and we do insist that it would be an ineffaceable blot upon the good name of the State, to let such an outrage pass by in silence. It would be countenancing and endorsing the iniquity. *And let it be remembered that if there have been men who did not scruple at the commission of such an act, there may be men who will not hesitate to back it up by other forgeries, equally gross and criminal.*

The Railroad Grants.

We perceive by the official report of the proceedings in the U. S. House of Representatives, on the 1st inst., as published in the "Daily Globe," that Mr. Ben. C. Eastman, of the Western Congressional District in this State, distinguished ~~himself by~~ attempting to sustain the R. R. V. U. Railroad, notwithstanding ~~the~~ ~~bad~~ reputation and well known corruption of that gigantic swindle. Mr. Eastman seems to think that because the Milwaukeeans oppose that Road from local considerations, the balance of the State must favor it. *He never was more mistaken in his life.* The people of the State know that the operators for that R. R. effected a great swindle upon the English Capitalists; and even their own Stockholders, it has been charged and never denied, have lost pretty much all that they have paid.—A *few* have suddenly grown rich; the many have suffered—but the Wisconsin portion of the Road has not been built.

Now this Company, (these same admirable financiers,) ask Government to give them over two millions acres of land—for what purpose? Ostensibly to help build this Road; but really to pay off the demands which are crowding upon its managers, or to line their pockets preparatory to the next Congressional campaign.

Mr. Letcher, of Virginia, most nobly came to the rescue, and boldly exposed the falsehoods and villainy which have stamped the measure with infamy.

We care not what Railroad in this State seeks for Grants of the Public Lands to aid in their projects; we shall oppose those who are honest as well as those who exhibit dishonesty in their business affairs. *We oppose the principle.* We regard the passage of a bill giving public lands to a monopoly as the direst curse which can be inflicted upon us; and we thank Mr. Letcher for giving force and efficacy to these truly Democratic sentiments upon the floor of Congress. No local jealousy can actuate us. We wish to see a Railroad built from Fond du Lac to Chicago—not by knavish robbery of the Government or individuals—not by dooming thousands of acres of land to lie in waste, a barrier to settlement and improvement, until made extremely valuable by the labor and capital of surrounding settlers—but by the enterprise and capital of the people interested.

And we repeal, that whether a Railroad is to lead to Milwaukee or to the Mississippi; to Chicago or to Green Bay; to Lake Superior or to Minnesota; we shall, to the best of our ability, resolutely oppose any and all appropriations of the Public Lands to such illegitimate ends. And, in so doing, we feel confident that we represent the views of a large majority of the people of Wisconsin.—*Appleton Crescent, Dem.*

Prospect of Winter Wheat—Weather.

Wheat on the ground never looked more promising at the time of year than it did a week ago in this vicinity. Every root having life last fall, appeared to be alive then, and the fields as a whole presented a most beautiful picture of verdure to the eye.

The cold March winds, the freezing nights, and the clear, bright, sunshiny weather we have had for the past six or eight days, has effectually dried up the mud, making our thoroughfares as passable at this time, as they are often known to be a month later.—This weather we fear is disadvantageous to wheat, and instead of its prosperous look, as a week ago, a sickly hue may be the consequence.

Spring wheat and barley can be sowed as early this spring as the farmer may wish, and we are of opinion that these grains should always be sowed as early as the ground can be prepared. Oats will do late better than barley or wheat. The spring thus far has opened very early.—*Watertown Chronicle.*

Land Grabs.

We said, a few weeks since, that a former Legislature had instructed our U. S. Senators to favor the donation of Government Land in aid of Railroads. We were not then aware that a *gross fraud* had been committed in transcribing those instructions. It now turns up that in the Memorial of the Legislature, adopted in 1852, asking Congress to donate lands to Railroads, the following "Proviso" was attached:

"*Provided,* That such lands so granted shall be constantly in market until sold, at the price of one dollar and twenty-five cents per acre, or less, as the case may be: *And provided further,* That no such land shall be sold except to actual settlers."

This proviso, which, if carried into practical effect, would defeat the swindles contemplated by some of these unscrupulous corporations who are now begging Congress to *give! give!* was actually *suppressed.* The document in Washington contains no such stipulation!

And yet the land Grabbers claim to be honorable men! public benefactors! enterprising citizens!

We appeal to Congress not to curse Wisconsin by passing any of these Railroad Grants.—If you wish to get rid of the Public Domain, give it away to actual settlers, not to monopolies.—*Appleton Crescent, (Dem.)*

There will be occasion for great rejoicings over the defeat of that tremendous swindle of the public lands for the benefit of the Union Valley road. When will the representatives in Congress learn to whom those lands belong? The impression seems to pervade Congress that these lands are for the purpose of enriching a few speculations in Wall street and the directors of railroads. The sooner these lands are given to the people, the better for the country.—*Racine Advocate.*

☞ The enormous land swindle to which we alluded in our last is virtually defeated. In the House of Representatives, on the 14th inst., it was laid on the table by three majority. A motion to reconsider was also laid on the table. It now requires a two-third vote to take it up again, which will probably take as long as it will to build the R. R. V. U. R. R.—*Waukesha Co. Dem.*

The proceedings in a recent Fugitive Slave case at Milwaukee, Wisconsin, are detailed in another column. The people liberated the chattel from the officers, and sent him where bloodhounds are not allowed to pursue men. Milwaukee is a Democratic town, hitherto faithful to the Compromises, but, since the late proceedings in Congress, seems to have adopted other sentiments. We judge that henceforth the business of negro-catching in the free States will be exceedingly hard to make profitable.—*N. Y. Tribune.*

City Matters.

☞ The MARSH TROUPE last night performed the "*Drunkard*" at Young's Hall, also the farce of "*Life in Alabama.*" The rain prevented a full attendance. The acting was admirable, and the lovers of Temperance would do well to witness this faithfully acted picture of a drunkard's descent. This company have in preparation a new play, "*The Milwaukee Firemen,*" which will soon be announced.

WATERING THE STREETS.—Our merchants and others along East Water Street will be glad to hear that the indefatigable street sprinkler who laid the dust last year proposes to continue the business during the coming season, provided he receives sufficient encouragement. He will shortly make his rounds among his old customers, to ascertain the prospect.

FURNITURE AT AUCTION.—WALL has an Auction sale of Furniture *this* morning at 10 o'clock See his advertisement.

THE WEATHER.—Rain fell at intervals, during Tuesday night and yesterday. It is much needed in the country and will do great good to the winter wheat.

"SPRING FASHIONS."—Messrs. J. ADLER & NEWBOUER, No. 19 Spring Street, are in receipt of Bareges, Poplins and French and Swiss embroideries, of this year's importation, direct from New York.

☞ Lawyers will find at the Irving Book Store a complete set of *Wendel's Reports,* which are offered for sale below cost.

ARCHITECTURAL PLANS.—We were shown yesterday by our fellow-citizen JOHN T. PERKINS Esq., a plan of a dwelling-house, made by our Milwaukee Architect, GEO. W. MYGATT Esq, for Judge PERKINS, of Indianapolis. In point of design and execution the plan struck us as one of the handsomest we ever saw. It reflected equal credit upon the taste and skill of the Architect and will, we are quite sure, satisfy the most critical judgment.

FIRST TRIP ROUND.—The schooner *Emma,* Capt. LEIGH, which left here Saturday for Sheboygan, returned last evening with 100,000 feet of lumber, and 100,000 shingles, to J. L. McVICKAR & CO., being the first arrival of lumber this season.

REAL ESTATE SALE.—Mr. J. H. CRAMPTON sold yesterday Lot 1, Block 108, in the First Ward, being 60 feet by 200, for the sum of $2,800.

A Question for the Federal Authorities.

Messrs. Editors:

I have just spent a moment in the private office of Winfield Smith, who as Commissioner is taking proof to establish the fact that S. M. Booth aided in the rescue of the negro man Glover from imprisonment in our County jail. During the moment only that I was there, I felt as though I wished to inquire at the top of my voice,—what had Glover done that he should be beat upon his head with iron shackles, and the butt end of a whip, till the blood spouted out, taken from his family and in the night time be carried in irons 20 or 30 miles, without his hat, and then lodged in our jail? *What had the negro* [illegible] To prevent myself from asking this question, from the crowd assembled there, in a loud tone of voice, and thus giving offence to the powers that be, when an unpleasant question is unexpectedly put to them, I rushed out to have the question put to a larger audience—WHAT HAD THE NEGRO DONE? Judge Miller, Attorney Sharpstein, Marshal Cotton, Commissioner Smith, I ask you one and all—WHAT HAD THE NEGRO DONE? Answer it—answer it soon: The people are preparing to inquire in tones that you cannot stop or drown—WHAT HAD THE NEGRO DONE?

FREEDOM.

DESTRUCTIVE FIRE AT GALENA.—A fire broke out in Galena, on Friday evening last, which destroyed a number of dwellings, stores, two livery stables, the U. S. Hotel, Galena Hotel, American House and other buildings. The buildings were all of wood, but valuable as places of business. Loss heavy, partially insured.

ALL ONE WAY.—The charter and town Elections, this Spring, are all one way. The whigs and other opponents of the "Nebraska Administration" are sweeping the field. Even READING, in Berks County, Pennsylvania, elects a whig Mayor!

☞ Philadelphia papers announce the marriage of Mr. T. B. LAWRENCE with a daughter of Mr. HENRY CHAPMAN, of Doylestown, Pa., Mr. L., will be recollected as the gentleman who was for a time the husband of Miss SALLIE WARD, of Louisville. They were divorced, and she subsequently married Dr. HUNT, now of New Orleans.

Bloody and Fatal Riot.

New Haven, Conn., March 18.

A serious riot took place here last evening, between a party of citizens and a party of the Yale students, in which pistols and bricks were used freely. A man named Patrick O'Neill was shot dead, and another man severely wounded in the leg. A man named R. Scolfield, a respectable citizen, who was passing by at the time, was shot in the arm. The bells were rung, and two cannons were loaded and fired at the college buildings. The riot was finally quelled by the city authorities, acting in concert with the College Faculty.

THE RAILROAD BILLS.

Washington, March 15, 1854.

The pioneer railroad bills, consisting of the Minnesota, Wisconsin with some three or four others, which passed the Senate, have been knocked on the head in the House to a certain extent. These bills were merely the beginning of the railroad grab game for the grasping of public lands. A vast body of lobby members are interested in them, and they will yet be brought up in the House in some other form. The success of the Nebraska bill depends in a great measure on the success of these railroad bills. Southern members and some Northern members are opposed to railroad grants; but it must be remembered that Southern members cannot pass the Nebraska bill unless they receive assistance from the West and Northwest, so that the railroad bills, and perhaps the patent bills, and other modes of extorting money or lands from the general government, will sink or swim with the Nebraska bill. In all this conflict the President and his Cabinet strive to wield an influence, but in vain. There never was an administration so bereft of all influence as the present one.

The lobby of this session—made up of seperate parties, now united—is one of the most efficient that we have yet seen. Leading correspondents of journals, as you already know, form a principal part. I have some singular disclosures to make on this subject, and shall do so at a future period.—*N. Y. Herald.*

STATE TAXATION BILL.—After a week of afternoons spent in discussing this bill, it was finally reported back by the committee of the whole yesterday. It will probably pass the Assembly to-day or to-morrow.—*Madison Journal.*

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—it is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan. 14th.*

There are thousands in this community who can testify to their virtues and thousands will hereafter add their testimony.

Holloway's Pills for the Cure of Sick Headaches, Bile and Weak and Disordered Stomachs.—These wonderful Pills have been the means of restoring to health many persons pronounced incurable by the faculty, both at home and abroad. They may be taken with perfect safety, and a certainty of effecting a cure, by persons suffering from general debility, sick headache, diseases of the stomach, bile or liver complaints, and those who are predisposed to dropsy cannot use a more effectual remedy than Holloway's Pills, acting as they do upon the very mainsprings of life, no disease can resist their influence. The effect they have is mild, yet speedy, and as a family medicine they are unequalled.

GREAT GALE AT THE EAST!

Property Destroyed--Lives Lost!

Boston, March 20.

The gale of Sunday last continued 24 hours, doing great damage in the city and country, many buildings were unroofed and chimneys blown down. The gale was very violent down East, and accompanied with snow.

Albany, March 20th.

Terrible gale yesterday. Immense injury done in the city. Fifty buildings were unroofed, including a foundry, School house, Mills, Depots, Asylums, Churches, &c. The ferry and canal boats, and the steamers at the docks were damaged. Nearly all the churches of the city were injured, or blown down completely. Great panic among the citizens. All workmen fled—many were injured and nine killed—Damage immense. Trains and boats delayed.

New York, March 20.

Accounts from Troy and Utica state that the tempest was very destructive. Many buildings were blown down—roofs blown off churches and walls demolished. At Troy there was a man killed by the falling of a chimney. At Utica the tower of St. Patrick's Church was blown down.

☞The *Crescent City* has arrived leaving Havana on the 14th—nothing of importance since the seizure of the *Black Warrior* which still remains in the possession of the authorities. The officers and crew came on board the Fulton. Nothing of the steamer *Pacific* yet.

New Hampshire Election.

The *Boston Atlas* has returns from all but twenty towns in New Hampshire. Baker, Democrat, has 795 majority in the State. The Democrats have elected 143 Representatives, and the opposition 154.

Washington, March 20.

Senate.—The chair laid before the senate two communications in reference to Williamson's report of the Pacific R. R.—refered to special committee. Mr Seward presented the petition of Tobacconists in favor of increased duties on imported Segars, also several petitions against the Nebraska Bill.

Buffalo, March 21.

The mammoth steamer *Plymouth Rock* was launched this morning at 11 o'clock. She went off into her element most beautifully.

Fire at Jefferson.—The new dwelling of Capt. Masters, half a mile south of the village of Jefferson, caught fire on Saturday of last week, and was entirely consumed. At the time the flames were discovered the family were absent from the house. The wind being strong the flames spread rapidly, and very few things were saved. Beds, bedding, clothing, provisions and furniture all shared the same fate, with the exception of some pork in cellar. We did not learn the probable cause of the fire. The loss is over $1000 and falls heavily on the sufferer. No insurance.—*Watertown Chronicle.*

Murder in Chippewa County.—A horrid murder was perpetrated at Chippewa, five miles from the Falls, on the 19th ult. The murdered man was a half breed of powerful strength. His name was Antoine Demaur. The name of the murderer Francis Donaldson.

Feelings of hatred had long existed between them, growing out of severe chastisements inflicted by Demaur.—Donaldson had sworn vengeance, and upon meeting at a grocery, and at a time when both were influenced by liquor, high words ensued which resulted in the death of Demaur. Donaldson shot him through the heart with a pistol.

Some few of the citizens arrested the murderer, and hurried him away from the scene, to prevent the Indians, who had been sent for, from taking revenge. He was conveyed to La Crosse and lodged in jail.—*Hudson Journal.*

Office of the Commercial Advertiser,
Buffalo, March 18, 1854.

Opening of the Canals.—We hear it stated that it is probable the Canals will not be opened before the first of May, as the great quantity of frost remaining in the ground, in consequence of the very little snow that fell during the past season, renders in impracticable to open them before that date. It is claimed that there is more frost in the ground at the present time than there has been for the last twenty years.

A Slight Difference.—The Buffalo *Courier* of Monday last says:

A "house" in Chicago lately telegraphed to a firm in this city to sell a cargo of corn, at 58 cents per bushel. The despatch, on its arrival here, read 48 cents and the bargain accepted at that figure. It made a difference of about $3000 in the operation.

Deplorable Conflagration.—Last Saturday morning, the new and splendid steam saw-mill of Messrs. Stevens, Leonard & Prescott, situated at Prescott, Pierce County, in this state, was entirely consumed by fire—*Hudson Journal.*

☞The *Burr Oak*, a Democratic paper, makes the following comment upon the late rescue in this city:

It is not very surprising to us that this thing should be so. The public of this region is indignant at the attempted repeal of the Missouri compromise. Any attempt to enforce the fugitive slave law, at this time, would meet but little co-operation from the people. This open resistance may be laid to the charge of those engaged in the Nebraska affair.

Charter Election.—The question at the election on Monday last was "License or No License," and although a great majority of the candidates on the No License ticket were opposed to all traffic in the Ardent, still the will of a majority was supposed to be indicated in the election of either ticket. The Anti-License ticket was elected by a large majority, consequently the Board elect stand pledged to refuse to renew licenses for the retailing of intoxicating drinks. The officers elect are—

President—Dr. John Bevans.

Trustees—Henry C. Lane, E. Vanderbie, Harrison Bell, Gideon Hawley, J. F. Kirkpatrick and J. L. Marsh.—*Platteville American.*

A Scamp.—H. C. Jones of Milford has left his wife and two children in very destitute circumstances, taking with him about $1500 dollars in cash, and his wife's sister.

Such conduct in a brute in human shape, and in a sister, cannot fail to meet with a just retribution in this life, to say nothing of a day of final reckoning. Brethren of the press, mark the man.—*Watertown Chronicle.*

Sales of Real Estate.—On Monday of this week Mr. J. C. Van Alstine purchased of John Dougherty, two lots at $1155. One, having upon it a blacksmith shop, and extending from First street to the river with about 40 feet front. The other, being the lot upon which Mr. Dougherty now resides, and situated upon Jones street—lot 2 in block 2. The former was valued at about $500, and the latter at $655. Mr. D. is making arrangements to remove with his family to California.

Other sales are taking place in this city almost daily, and news from the country around is mostly made up of sales of farms. Lands and cultivated farms are fast rising in value in our vicinity.—*Watertown Chronicle.*

Watertown and Madison R. R. Co.

The commissioners appointed by the charter organizing this company, met at the American, in this city on the 4th inst., pursuant to notice, and opened the books for subscriptions. A sufficient amount for organizing was promptly subscribed by a few of our most prominent citizens, including a few in Madison and Milwaukee. A meeting of the stockholders has been called for the election of Directors. We understand that a heavy eastern R. R. firm which are now connected with the Watertown Company, are connected with this company; and that no means will be spared in prosecuting the work with vigor to Madison at an early day.—*Watertown Chronicle.*

Spring Prospects.—The Oshkosh *Democrat* says:

"Never, we think, has Spring opened with as much of promise to every class of citizens as the present. The past winter has been favorable for wheat, and from all parts of this and adjoining counties we learn that what wheat there is in the ground looks fine. There is every prospect of good crops and good prices for the coming year. Lumber is also selling readily for good prices in money. Our mechanics and merchants are making preparations for a heavy business, and altogether we look for better times than our County has yet seen."

The Land Grant.—The New York *Mirror*, through its Washington Correspondent, has done a good work in exposing the iniquity of the Land Grant to the R. R. V. U. Railroad. These expositions have told powerfully in Washington.—*Appleton Crescent.*

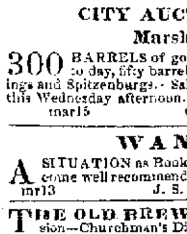
feb13d&w ARNOLD & WILSON, 175 East Water-st.

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS,



THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

CARD TO THE PUBLIC—COMPLETION OF THE ST. NICHOLAS. The proprietors of the St. Nicholas Hotel, Broadway, New-York, have the pleasure of announcing to their friends and the travelling public, that the *last addition* to the building consisting of the southern wing, having been completed and furnished, the *entire Hotel* completed according to its original design, and offering ample accommodation for one thousand persons, is now open for the reception of guests. The new section, opened this spring, is fitted up and finished in the same sumptuous style as the other portions of the establishment.—The St. Nicholas as perfected contains six hundred apartments, of which three hundred are in family suites and is confessedly the largest and most commodious Hotel in the world. The proprietors tender their warmest thanks for the support which has rendered their undertaking so successful, and trust that the increased magnitude of their establishment will prevent for the future the disappointments to which many have been heretofore subjected, in consequence of their inability to accommodate them.

PHILADELPHIA,

HAVING REMOVED into their splendid new warehouse, entrances No. 147 Market, and No 21 North Fourth street, are opening for the Spring trade an assortment of

SILK AND FANCY GOODS,

that for extent and variety will surpass any stock ever offered in that market. Entering into their new store, which is

One of the Largest in America,

with a business of an unusual amount already established, and intending largely to increase it, especially with those who buy FOR CASH, and believing that the fairest system in jobbing goods is to have

UNIFORM PRICES,

they will be compelled to sell at a much smaller profit than can possibly be afforded where long credits are given.

Under their CASH AND SHORT CREDIT system the necessity for charging large profits, does not exist, and by selling their goods at a

Very Small Advance on the Foreign Cost,

They mean to make it the INTEREST of every judge of goods, to buy upon the following

TERMS:

CASH BUYERS will receive a discount of SIX per cent, if the money be paid in par funds, within 10 days from date of bill.

Uncurrent money will only be taken at its market value on the day it is received.

To merchants of undoubted standing, a credit of SIX months will be given if desired.

Where money is remitted in advance of maturity a discount at the rate of TWELVE PER CENT, per annum will be allowed.

They ask from merchants visiting the Eastern cities, the favor of an examination of their stock, being satisfied that they will be convinced that it is not for their interest to pay the large profits that are ABSOLUTELY ESSENTIAL to those who give long credits.

PATENT MEDICINES.

MEDICATED INHALATION.
A NEW METHOD.

A MOST WONERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.
BROOKLYN, N. Y., Dec. 26th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.
NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2-1yd&w

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so.
SIDNEY BREESE.
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.
WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 26, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray.
WM. TRUESDAIL.

ST. LOUIS, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had [illegible] twenty years ago.

I commenced using the Resto[rative] [illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.
Yours, very respectfully,
N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live.
S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

HIGHLY IPMORT ANT ANNOUNCEMENT.

To the Afflicted Everywhere,
DR. A. L. ADAMS' LIVER BALSAM
COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

THE
BUFFALO EAGLE IRON WORKS CO.,
Propose to pay Particular attention to
Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

PATENT MEDICINES

DR. URBAN'S
ANTI-BACCHANALIAN ELIXIR:
A Safe and Sure Remedy for the Cure of
INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixir; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.
URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and
AGUE POWDERS

The only sure remedy ever known for Chills and Fever, an warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country

Great New England Remedy

HUNTER'S CELEBRATED
Pulmonary Balsam or Cough Syrup,
PREPARED BY
CURTIS & PERKINS, DRUGGISTS,
BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.
BENJAMIN L. POMEROY.

HENRY'S INVIGORATING CORDIAL.
PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hæmorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites or the

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a tonic Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is *Forgery*,) as well as his private Seal on the cork of each Bottle.

☞ Sold for $2 per Bottle; Six for $8; $16 per dozen. Prepared only by S. E. COHEN, No. 3 Franklin Row, Vine Street, below Eighth, Philadelphia, Pa., TO WHOM ALL ORDERS MUST BE ADDRESSED. For sale by all respectable Druggists and Merchants throughout the country. oct24-1yd&w.

PROSPECTUS OF
Thos. H. Benton's Great Work.

THIRTY YEARS VIEW, of the workings of the American Government. Published by D. Appleton & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no other public man, who has taken so active and distinguished a part in public affairs, as Thomas H. Benton; and no other statesman has had so good an opportunity of becoming familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2.50, payable on delivery of the books.

The book of subscription, together with specimen sheets, can be found at the office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. [illegible] jan12
